2.3.2 Students mentoring system available in the institution? Give details. (maximum 500 words)

There is system of mentoring the students in the college. At the outset a class mentor is allocated to each class who is responsible for the overall development of the students in that class.

The mentor is responsible to monitor the attendance and examination results of the students and inform the parents whenever necessary.

Apart from this, there are two elected class representatives in each class who are in close communication with the class mentor. They get the informal feedback from the class regarding teaching process, internal assessment and other such details and inform the class mentor.

Number of students enrolled in the institution	Number of fulltime teachers	Mentor: Mentee Ratio

B.Com				

2.5.2 Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

For practical papers Continuous Internal Evaluation system is followed in the lab classes.

A portion of internal marks is assigned for number of attendance in the lab classes where programmes are repeated.

For non practical papers assignments related to the important topics of the exams are given to the students twice in the semester.

**2.5.3** Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The college is affiliated to the University of Mysore and it has to follow the academic calendar of the University. The college has its own time schedule which is based on the University calendar. The exam committee sits with the IQAC cell to finalize the dates of Internal examinations for the Internal assessment component.

This is incorporated in the academic calendar of the college and informed to the students through the hand book.

This forms the basis for the teachers to plan their academic and other department activities. The internal examinations are conducted, the papers evaluated and the marks are updated in the system as per schedule.

Apart from academic curriculum career development programes, industrial visits and other such activities are organised so that students are familiarised with the actual working environment of industries.

#### 2.6 Student Performance and Learning Outcomes

2.6.1 Program outcomes, program specific outcomes and course outcomes for all programs offered by the institution are stated and displayed in website of the institution (to provide the weblink)

2.6.2 Pass	s percentage o	of students		
Program me Code	Programme name	Number of students appeared in the final year examination	Number of students passed in final semester/year examination	Pass Percentage
	B.Sc	34	19	56%
	BCA	68	44	65%
	B.Com	40	29	73%

#### 2.7 Student Satisfaction Survey

2.7.1 Student Satisfaction Survey (SSS) on overall institutional performance (Institution may design the questionnaire) (results and details be provided as weblink)

#### **CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT**

#### 6.1 Institutional Vision and Leadership

6.1.1 Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The attendance of the students is monitored by a committee formed by three faculty representing the three streams. They are responsible for collecting the attendance details from the concerned subject teachers, consolidating them, displaying it on the notice board, counselling the students and finally bringing it to the notice of the parents if necessary.

The work of the committee is fully decentralised and the final report is given to the Principal. The exam committee is given the full responsibility of conducting the exams for internal assessment and collecting the respective marks for the IA component of the University examination.

6.1.2 Does the institution have a Management Information System (MIS)? Yes/No/Partial:

#### 6.2 Strategy Development and Deployment

6.2.1 Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

- Curriculum Development: The teachers are encouraged to bring in creative methods for curriculum delivery. And some of the methods adopted were (i) paper presentation (ii) conducting survey and analysis of data (iii) senior students presenting subject related talks to juniors. The outcomes were successful and the students gained stage confidence by such exercises.
- Teaching and Learning: The students are encouraged to organise and conduct class level programmes where the teachers play only the mentoring role.
- Industrial visits are organised regularly to explain the practical aspects of the theoretical concepts.
- For the students of the science stream visits to museum and other such places depicting the application of scientific concepts are organised.
- ✤ Inter class and inter college competitions are conducted on National Science Day.
- The college has a separate Science Forum named KANADA Science Forum where talks on scientific temper are arranged.
- Examination and Evaluation: A separate committee has the responsibility of conducting the exams for the Internal Assessment component of the University examinations.
- Research and Development
- ✤ Library, ICT and Physical Infrastructure / Instrumentation

-
